

Last Man Standing

The Pineapple Thief

I want to know
Why you leapt up and drove off alone
I want to say
I'm gonna reach out and change my ways

Why did you leave me standing?
Why did you leave me?

I want to say
I'm gonna reach out and change my ways
Tell me which way things will roll?

How could you leave me standing?

How could you leave me standing?
How could you leave me standing here?
Am I the last man standing here?
How could you leave me standing here?

You drove of and left me here
You drove of and left me here
You dorve of and left me standing alone
You left me standing alone

How could you leave me standing?
How could you leave me standing here?
Am I the last man standing here?
How could you leave me standing here?
