

Sense Of Fear

The Pineapple Thief

I cannot escape the sense of fear, we cannot be alone
you must feel it to? It's washing us away

so let me look at you for one last time
and won't you look at me for one last time?

how are we here? Fixed in this state like frozen dogs
will this be the last time? It's over
wa had glorious time when we stopped looking

so let me look at you for one last time
and won't you look at me for one last time?

We cannot escape the sense of fear, we cannot be alone
