

Shoot First

The Pineapple Thief

Your heart is tearing us apart
Shoot first you know its gonna hurt
The blood flows for what I'll never know
Your poor heart is tearing us apart

You're a beautiful soul in a beautiful world
But the world was left behind
And I know its so right, and it hurts its so right
It'll hurt till the day we die

You're a beautiful soul in a beautiful world
But a world we've left behind
And I know its so right, and it hurts it so right
It'll hurt till the day we die

Your heart is tearing me apart
Your heart is tearing me apart
