Show A Little Love

The Pineapple Thief

What was it you said? I've got to hold someone? Or even show a little love?

It's plain to see, The walls are closing in for you and me. I cannot help it if I'm taking the wrong way? I'm taking the wrong way down.

Remember what I said? I've got to lean on someone. So show a little love. And you know what I meant? You've got to show a little love before...

It's plain to see, The walls are closing in for you and me. I cannot help it if I'm taking the wrong way? I'm taking the wrong way down.

You've got to bring me round. You've got to beat some sense back. To show a little love. So bring yourself around. And take another shot, When I'm down...

It's plain to see, The walls are closing in for you and me. I cannot help it if I'm taking the wrong way... We're taking the wrong way down.
