

Wilting Violet

The Pineapple Thief

I wish I gave a better answer,
Before the rot set it,
Learn to crawl a little faster,
When it mattered to me.

I wish I thought a little harder,
To the make mess I'm in,
Learned to crawl a little further,
When there was someone within.

I wish I gave a better answer

I wish I gave a better answer

I wish I gave a better answer (repeated, fading answer)

I wish I gave a better answer (repeated, fading answer)

I wish I gave a better answer (repeated, fading answer)

I wish I gave a better answer (repeated, fading answer)

I wish I gave a better answer.
