

## Going Steady

The Pink Spiders

And it goes  
Doo wah doo wah things are getting petty  
She said, "no more sex unless we're going steady"  
I said, "alright goodnight. wake me when you change your mind"  
Cause I don't wanna see your bedroom sugar  
I'm not looking for love  
And she says I don't wanna be the girl in your backseat tonight  
What are you doing in that short skirt sugar?  
You can't be lookin' for love  
There's no time for fool around when I'm in another town tomorr
