

## Call Me

## The Pipettes

I can't seem to tell you  
All the things that should be said  
And the fact that hearts will break  
Is my only regret

Heaven knows how me try so hard  
And still nothing makes it right  
You, me, oh, no  
(Oh, well)  
Let's not give up the fight

Call me if you ever get lonely, baby  
Call me if you fell like wasting some time  
Call me if you see something interesting  
Call me any time you like

I hope you don't give up on me  
I won't give up on you  
Us, you, oh, well  
(Oh, yeah)  
Let's try and make it through

Call me if you ever get lonely, baby  
Call me if you fell like wasting some time  
Call me if you see something interesting  
Call me any time you like

Call me if you ever get lonely, baby  
Call me if you fell like wasting some time  
Call me if you see something interesting  
Call me any time you like

Call me if you ever get lonely, baby  
Call me if you fell like wasting some time  
Call me if you see something interesting  
Call me any time you like

Call me if you ever get lonely, baby  
Call me if you fell like wasting some time  
Call me if you see something interesting  
Call me any time you like  
(Any time you like)
