

Tell Me What You Want

The Pipettes

Our eyes meet all the time
Your eyes permanent in my
Ooooh, tell me what, tell me what you want
Tell me what, tell me what you want

You've been looking at me for days
I don't go for secret games
Ooooh, tell me what, tell me what you want
Tell me what, tell me what you want
I need some kind of honest man
So come and talk to me
If that's your plan
You could be mine

If you want me baby that's fine
But don't keep up this silent
Ooooh, tell me what, tell me what you want
Tell me what, tell me what you want
I need some kind of honest man
So come and talk to me
If that's your plan
You could be mine
Ooooh, tell me what, tell me what you want
Tell me what, tell me what you want
You could be mine
Tell me what, tell me what you want
You could be mine...
