

# Your Kisses Are Wasted On Me

The Pipettes

Your kisses are wasted on me

(Boy)

Can you see we're through?

(Boy)

I don't love you, you don't make me smile

For a while

(Boy)

Get out of my face

(Boy)

I'm gonna catch a chase some other guy

Who I might like

And you might cry half the time

(And you don't know it, no you don't know it)

And you might try to hold my hand again

(no, you don't know it)

Your kisses are wasted on me

(Boy)

You better hear me clear

(Boy)

I want you out of here

Don't send me wild

You're just a child

And you might cry half the time

(And you don't know it, no you don't know it)

And you might try to hold my hand again

(and you don't know it, no you don't know it)

And you might cry for some time

(you still don't know it)

Your kisses are wasted on me
