

Trip And Fall

The Planet Smashers

Life can go your way
Or it can go to hell
Too soon to say
Can't seem to tell
In a stagnant state
Trouble finds me
I'm making my move
There's no time to lose

You gotta fight
Keep up the pace
Stand tall, even when you trip and fall
Keep up the pace
Stand tall, even when you trip and fall

Stuck in a bind
Principles in question
I stick my neck out
This fight I'll choose
A punch in the side
A blow to my pride
Kicked to the ground
Gotta pick myself up

You gotta fight
Keep up the pace
Stand tall, even when you trip and fall
Keep up the pace
Stand tall, even when you trip and fall

A little roughed up
But back on my feet
A bump in the road
But I'm still running
As Uncle Nemo said
"In life there's certain death"
No time for that
Gotta keep with the pack

You gotta fight
Keep up the pace
Stand tall, even when you trip and fall
Keep up the pace
Stand tall, even when you trip and fall
You gotta fight
Keep up the pace
Stand tall, even when you trip and fall
You gotta fight
Keep up the pace
Stand tall, even when you trip and fall
Stand tall, even when you trip and fall
