

# Somebody Loves Me

The Platters

Somebody loves me, I wonder who  
I wonder who he can be  
Somebody loves me, I wish I knew  
Who can he be worries me

For every boy who passes me, I shout 'Hey, maybe'  
You were meant to be my loving baby, baby, oh  
Somebody loves me, I wonder who  
Maybe it's you

For every boy who passes me, I shout 'Hey, maybe'  
You were meant to be my loving baby, baby

Somebody loves me, I wonder who  
Maybe, it's  
Baby, it's  
Maybe, baby, that somebody is you
