## **Population Control**

## The Plot in You

I see them all, I watch them multiply
I found them feeding on the young and I know
They feel no shame for what they've done here
They slither and swallow
The prey that they take

Every night it gets harder to get off The pills and the games They won't last you forever

Tell me what it's like to be a fucking waste And to have respect from no one
You live to keep the problem in its cycle
Yeah, you disgust me
Every single line planned out
And they fall hard
Just another roll in the hay
They won't remember your name

Mistaken my words once again Don't forget that I knew you When this all began You're on borrowed time (You're on borrowed time) You're on borrowed time (Your days are numbered)

What made you think
That this is yours to take?
You've been living a dream life
It's sickening
Drink, fuck, sleep, repeat
Does it ever get old?

This time I'll wait here
I'll set it off
Slit your fucking throat
Watch you bleed and then we'll burn you down

We are all fed up
I'm gonna shut you down
I will chew you up
And I'll spit you out
It's overdue
I'm the one that's gonna call you out
Bitch

I'll call you out

I am done dealing with fucks like you Sticking your dick into anything that moves You are a waste of flesh I have no patience No fucking remorse anymore

I will set this off again Lay you out flat

Just like the girls you ruined It's been a dream of mine To make you suffer

It's plain to see
The calm it brings
The wait is up
I'm listening
It's got you now
A victim of lost time
You're out of time

Explain to me the reasoning
The wait is up
I'm listening
It's got you now
A victim of lost time
You're out of time
