### The Plot in You

When I was young, my dreams were endless and life just  
made sense

Mother's smiling, my father's worry  
And that's how things were then

Doors were closed the house was quiet  
Eyes opened wide

So exciting just reminding  
Tomorrow's almost here

I told my friends that I was leaving  
You'll never see my face again

I told my dad he'd never get me  
But he always did

And I'm so sorry  
That I never had the chance to thank you  
And I'm so sorry that I can't be more

All my hope is gone  
All my time is lost  
And I'm stuck here

I hate myself  
I hate my motives

I've lied to my family  
Lied to my brother's face

I question God  
I test my conscious

I'm a fake  
I'll just fake it

Please stay away  
Please stay  
Stay away
