

## Evil

### The Pointer Sisters

Pretty poison, turns the girls on  
And his kiss sure are nice  
But he only wants you for just a minute  
Then his lips turn cold as ice

He's evil, evil  
Evil, he stole my love from me  
Hey, hey, yeah, yeah...

Tryin' to shake him will only make him  
Hold on tighter till you yield  
His love's like quicksand  
So you sink down and  
He goes on to play the field

He's evil, evil  
He stole your love from you  
He's so evil, evil  
But I know what to do

I'll be your lover, agent undercover  
I'll find a way to break your heart of steel  
You'll get a taste of your pretty poison  
Soon you'll see how evil love can feel

Evil, evil  
You stole my love from me  
Yes, I'm evil, evil  
I'll steal your love from you  
You're evil, evil...
