

# See How the Love Goes

The Pointer Sisters

I can hear somebody knockin'  
At my bedroom door  
I find it rather shockin'  
It's my best friend's guy

Imagine my surprise  
There's a hungry look in his eyes

See how the love goes  
Anybody here know how the love goes?

He said, "I'm feelin' kinda lonely  
And only you will do  
Would you like to get to know me  
Like I wanna know you"

No tellin' what a girl would do  
Face to face with somebody like you

See how the love goes  
Anybody here know how the love goes?  
Oh yeah, see how the love goes

I can hear him calling  
That no one understands him  
He is beggin' me to let him in  
And he's waiting for my answer

Should I open up the door  
And let trouble walk in?  
Should I resist him even more  
Or tell him, come on in?

No tellin' what this girl would do  
Face to face with somebody like you

See how the love goes  
Anybody here know how the love goes?

Oh yeah, see how the love goes  
Anybody here know how the love goes?

Oh yeah, see how the love goes  
Anybody here know how the love goes?

Oh yeah, see how the love goes  
Anybody here know how the love goes?

Oh yeah, see how the love goes  
Anybody here
