

# Turned Up Too Late

The Pointer Sisters

When you get inside my head  
It just goes empty  
With all that junk I been fed  
You think I'd let you get me

Hey baby what are you blind  
How long you been gone  
I'm not the returning kind  
I don't need you to lean on

You come to me with eyes all watery  
Do you believe I'll fall in  
Poor little thing so out of date  
Now I can say your love has  
Turned up too late

If you were the sun and moon  
I'd still cloud over  
Rain would still fall down too soon  
And we would just grow colder

Hey baby I ain't ashamed  
Of being turned down  
I hope you got the same strength  
You're gonna need it now

You come to me with eyes all watery  
Do you believe I'll fall in  
Poor little thing so out of date  
Now I can say your love has  
Turned up too late

Love takes a toll on ev'ryone Baby  
You're gonna find out someday  
It don't feel too good  
It don't feel too great to tell you  
It's turned up too late

You come to me with eyes all watery  
Do you believe I'll fall in  
Poor little thing so out of date  
Now I can say your love has  
Turned up too late  
Now I can say your love has  
Turned up too late
