

Who Do You Love

The Pointer Sisters

Trav'lin' north in the rain and snow
Oh the jets ain't jumpin' 'cos the
Cloud's too low
I wanna know
I wanna know
I wanna know
The ice on the window
The highways I see
Who do you love
Is it her or is it me?
I wanna know

I called Detroit City on the telephone
The girl on the line told me you ain't home
I wanna know
Who's that voice
Oh tell it Babe
There's a deep red glow in the early mornin' sky
Who do you love
Better make up your mind

Don't wanna try love
I just want your love Babe

I called five in the mornin'
And the place is dead
Gonna rest my body on an empty bed
I gotta know
What's her name Baby
What's your game

Make up your mind
Are you hers or are you mine
When you get back I'll ask you one more time.
