

## Bombs Away

### The Police

The general scratches his belly and thinks  
His pay is good but his officers stink  
Guerilla girl, hard and sweet  
A military man would love to meet

The President looks in the mirror and speaks  
His shirts are clean but his country reeks  
Unpaid bills  
In Afghanistan hills

Bombs away  
But we're O.K.  
Bombs away  
In old Bombay

The general only wants to teach France to dance  
His army life doesn't give him any romance  
Guerilla girl, hard and sweet  
A military man would love to meet

The general scratches his belly and thinks  
His pay is good but his company stinks  
Guerilla girl, hard and sweet  
A military man would love to meet

Bombs away  
But we're O.K.  
Bombs away  
In old Bombay  
[repeat to fade]
