

## Landlord

## The Police

I don't want to rent your house from you  
I don't know how you can expect me to  
I ain't moving 'cause I know my rights  
Too many homeless on the streets at night

You own a street and a block of flats  
You earn your living like the other rats  
You've no morality what do you care  
You deal in poverty you buy despair

I ain't moving 'till the bailiff comes  
I've got no weapons, gonna get me some  
I ain't moving 'till the bailiff comes  
I've got no weapons, gonna get me some

You go and call yourself a business man  
You're just a parasite on Phylosan  
You're just a middle-class middle-aged shit  
You sold your granny for a three-penny bit

You own a street and a block of flats  
You earn your living like the other rats  
You've no morality what do you care  
You deal in poverty you buy despair

I ain't moving 'till the bailiff comes  
I've got no weapons, gonna get me some  
I ain't moving 'till the bailiff comes  
I've got no weapons, gonna get me some
