Caroline

Now all your friends are telling me  
You're gone and that my ships are burning  
Your brother's on a killing spree  
I've really got to reach a turning point

Because I just can't find  
Peace of mind

(chorus:)

Caroline  
You know I'm lost without your love  
Caroline  
And I can't live without you near  
Now-now-now listen to me carefully  
My heart's been doing time  
Hold the line  
We're running out of time, my Caroline

I tried so hard to get to you  
I guess I should have known much better  
Your FaceBook's dead, your MySpace too  
I even tried an old school letter, yeah

Because I just can't find  
Peace of mind

(chorus)

It may be time to face it  
But I'm standing on the edge  
We're running out of time  
My Caroline

(chorus)
