Caroline

Now all your friends are telling me You're gone and that my ships are burning Your brother's on a killing spree I've really got to reach a turning point

Because I just can't find Peace of mind

(chorus:)
Caroline
You know I'm lost without your love
Caroline
And I can't live without you near
Now-now-now listen to me carefully
My heart's been doing time
Hold the line

I tried so hard to get to you
I guess I should have known much better
Your FaceBook's dead, your MySpace too
I even tried an old school letter, yeah

We're running out of time, my Caroline

Because I just can't find Peace of mind

(chorus)

It may be time to face it
But I'm standing on the edge
We're running out of time
My Caroline

(chorus)
