

Give Me a Sign

The Poodles

I hear them sirens call
Bright search lights, run
And fall and now I heard
They've put a price upon my head
They don't stand a chance
They'll catch me when I'm dead
I won't do the time, I've committed no crime

Give me a sign in the night
You know that I'm waiting
Throw me a line tonight
I'm hoping and I'm praying
Show me you care, oh will you be there?
'cause I'm rolling the dice
And I'm paying the price
I need a sign

Dead end streets beating heart
Grand escape, made an art

And now the dogs are loose
Sniffing on my trail
And I speed ahead
I know they're on my tail
But I won't do the time
Cause I've committed no crime

Give me a sign in the night
You know that I'm waiting
Throw me a line tonight
I'm hoping and I'm praying
Show me you care, oh will you be there?
'cause I'm rolling the dice
And I'm paying the price
I need a sign

Give me a sign in the night
You know that I'm waiting
Throw me a line tonight
I'm hoping and I'm praying
Show me you care, oh will you be there?
'cause I'm rolling the dice
And I'm paying the price
I need a sign

My heart beats like a drum
And I'm under the gun
Cause I'm rolling the dice
And I'm paying the price
All I'm asking for, I need a sign
