

# I Rule the Night

The Poodles

When the curtain rise  
and they turn on the lights  
that's when I free

hear the thunder roar  
it's my life and my call  
what I'm meant to be

destiny calls  
and it's breaking the law  
i can see the light

I will follow it through  
and i know what to do  
cos I 'll be the hero tonight

I rule the night  
In control and ready to attack  
speed ahead I'm never turning back  
What I need is what I always take  
don't you know

I rule the night  
and no matter what I'm going through  
I will stand and prove myself to you  
I will stay I will fight I rule the night

I am taking control  
with my body and soul  
and I promise you

my desire and flame  
has always been the same  
it's what I hold true

destiny calls  
and it's breaking the law  
i can see the light

I will follow it through  
and i know what to do  
cos I 'll be the hero tonight

I rule the night  
In control and ready to attack  
speed ahead I'm never turning back  
What I need is what I always take  
don't you know

I rule the night  
and no matter what I'm going through  
I will stand and prove myself to you  
I will stay I will fight I rule the night

it's the thrill of your life  
we walk the edge of the knife  
as we stand on the brim

there's the fire within

and we look to the stars  
at the blood-shining mars  
I will fight 'til the end  
again and again

I rule the night  
In control and ready to attack  
speed ahead I'm never turning back  
What I need is what I always take  
don't you know

I rule the night  
and no matter what I'm going through  
I will stand and prove myself to you  
I will stay I will fight I rule the night
