

Raise The Banner

The Poodles

Now when the flame is burning bright
we are ready for the fight
we're the children of Victoria
Run at the speed of lightning
Jump over hills and mountains
All of you know we are the champions
Come together raise the banner
Nothing's gonna stop us
we'll be fighting 'til the end
Now or never raise the banner
for the nation to victory
Come in the name of honour
Stand and defend our colours
All of you know we are unbreakable
Rise and be proud of who you are
if you're reaching for the stars
and believe you'll be unbreakable
Come together raise the banner
Nothing's gonna stop us
we'll be fighting 'til the end
Now or never raise the banner
for the nation to victory
We got to come together
One dream one world forever
