

Until Our Kingdom Falls

The Poodles

Here I am armed and ready
Well I don't know what you may have heard
Talk is cheap I'm still standing
And I'm ready for your command

So get yourself together
Stop acting like a fool
I say it's now or never
and they don't make rules

When you travel through the darkness
and it's hard to find the way
I will stand by you UNTIL OUR KINGDOM FALLS
And when you sail into the dark night
with no stars to guide your way
I will still follow you UNTIL OUR KINGDOM FALLS

Let's purify what we're got here
Let's give them something they can talk about
It's burning hot, our condition
We've got the fire so let's let it go

I say it's now or never
and they don't make the rules

When you travel through the darkness
and it's hard to find the way
I will stand by you UNTIL OUR KINGDOM FALLS
And when you sail into the dark night
with no stars to guide your way
I will still follow you UNTIL OUR KINGDOM FALLS (2x)
