

We Are One

The Poodles

Ease your mind
You can rest upon my vaters
The storm your riding
Has been going on so long
And i've been waiting
to lift a weight upon your shoulders
My heart is prayig
For you to hear my song.

We are one
óó
when the bridge is brake i need you
we are one
óó
I'd like to move the stars above you
Until my kingdom call
Until forever,anyday
We are one
óó
we are forever

I am stranded
On a far and distant shoreline
Miles away
Writing letters in the sand
Sending signals
To guide your way
And make you understand

We are one
óó
when the bridge is brake i need you
we are one
óó
I'd like to move the stars above you
Until my kingdom call
Until forever,anyday
We are one
óó
we are forever

Now that the time is rising
Tell me now that you'll rescue me
Let me know you'll on your way....way

We are one
óó
when the bridge is brake i need you
we are one
óó
I'd like to move the stars above you
Until my kingdom call
Until forever,anyday
We are one
óó
we are forever
