

Lights Out

The Posies

Lights out
Lights out
Goodnight, shuteye
That's a good guy
Soothing seething, brooding
Are you breathing?

Are you sleeping?
Are you sleeping?

New day
New day
Endless chasm barking blue grey
Are we living in a tombstone smiling?
Driving

Are we there yet?
Are we there yet?

Trickle
Trickle
Father fickle loves to tickle

Sister caffeine fill my inside churning
Turning

Talking
Tripping through the traffic blocking
I'm collapsing, won't you turn the lights out?
Lights out

Are we there yet?
Are we there yet?

Lights out
