

Are You the One?

The Presets

I don't know why
I got it so bad,
But somehow I find,
Out of the fry pan
And into the fire,
We're at it sooner.
Buried our souls
Out of our headset,
Ready to go,

Slippin' and slide,
I'm out of control.
Crying'll hide my
Head in a hole.
There's something about you I got to know
Before we go too far.

What I wanna know
I wanna know
What I wanna know
I wanna know is
(Whoa) are you the one?
Are you the one?
Are you the one?
Are you the -

Me and my girl
Having a time on top of the world,
But I got a secret
No one can know.
You wanna find out,
Come to the show.
We got good music
And you got to go.

Temperature's hot babe,
It's ready to blow.
And seein' how she finds out
All she can know,
Someplace they'd all write in on the wall,
Before she goes too far.

What I wanna know
I wanna know
What I wanna know
I wanna know is
(Whoa) are you the one?
Are you the one?
Are you the one?
Are you the -

Creepin' around,
Quiet and darkness,
Place to be found,
Leavin' behind the noisy crowds.
It's been a while since
You've come around,

Lights and the sounds,
Pills and the spills,
The drinks and the shouts!
It's turning out fine girl,
What it's all about.
There's just one more thing
I gotta find out
Before we go too far.

Are you the -
