

## Burn

## The Pretty Reckless

1. Here comes the darkness  
It's eating all my soul  
Now all of the sparkles  
Are out of control  
This fire is raging  
I can't find the door  
I just want to die here  
But you wanted more

R: You want be to burn  
Want me to burn  
Want me to hurt  
And maybe I will finally learn

2. Here comes the darkness  
It's eating all my brain  
Now that the light  
Has driven me insane  
This fire is blazing  
And I'm still inside  
I just want to die here  
You won't let me out alive

R: You want be to burn  
Want me to burn  
Want me to hurt  
And maybe I will finally learn
