Sweet Things

The Pretty Reckless

Evil, knocking at my door Evil, making me it's whore I don't mind if you take what's yours But give me mine

Evil wants you to know I'm much too young to be old I don't mind if you take what's yours But give me mine

Hey there, little girl Come inside I've got some sweet things Put your hair in curls Paint you up just like a drag queen

I don't mind decay You're the knight that saves my day

Hey there, little girl Come inside don't be afraid I'll keep you safe

I'm evil, knocking at your door I'm evil, making you my whore I don't mind if you take what's yours But give me mine

[4x]
Hey where are you going?
I wasn't through
I'm gonna have my way with you

I'm like decay
I wrap the ground that guide your way

Hey there, little girl Come inside I've got some sweet things Put your hair in curls Paint you up just like a drag queen

How you like me now? Did I succeed in making you proud?

Hey now, little girl Come inside don't be afraid I'll keep you safe
