## The Prodigy

It's an omen  
It's an omen  
It's an omen

Now the writing's on a wall  
It won't go away  
It's an omen  
You just run out of automation

Now the writing's on a wall  
It won't go away  
It's an omen  
It's an omen  
It's an omen

Now the writing's on a wall  
It won't go away  
It's an omen  
You just run out of automation  
Now, now

Now the writing's on a wall  
It won't go away  
It's an omen  
You just run out of automation

Now the writing's on a wall  
It won't go away  
It's an omen  
It's an omen  
It's an omen

Now  
It's an omen  
Now

Now
