

Kick Down the Doors

The Professionals

Waiting for the other side
You just say I never tried
I get so lazy sometimes
You get left out with the rest
Heaven knows I did my best
Now there's no time left for reason

Kick down the doors
Run to the top
Kick down the doors
Don't you ever stop

Go get ready now, ready to lose
I've paid your money and I've bet your choose
The easiest way to shallow
Never mind those tired fuse
Both feet first, that's all, you're through
Next time never comes, well, maybe

Kick down the doors
Run to the top
Kick down the doors
Don't you ever stop
Don't you ever stop

Kick down the doors
Run to the top
Kick down the doors
Don't you ever stop
Don't you ever stop

Kick down the doors
Run to the top
Kick down the doors
Don't you ever stop
Don't you ever stop
Don't you ever stop

Kick down the doors
Run to the top
Kick down the doors
Don't you ever stop
Don't you ever stop
Don't you ever stop
