

Godslaughtering Murder Machine

The Project Hate MCMXCIX

Do you know what I am?
Do you fear who we are?
Fear us as you fear God
Because we bring death

Do you know what I am?
Do you fear who we are?
Fear us as you fear God
Because we bring death

Godslaughtering murder machine
Godslaughtering murder machine

Sin, so you burn
I pity God, I fuck his cross
I am the Goddess now
Inflicting pain for all

I am the Goddess, kneel down
I'll make you suffer eternally
I am the reason that God failed
I'll make you suffer infernally

I'll make you bleed
I'll make you bleed
I'll make you bleed
I'll make you bleed
I'll make you bleed
I'll make you bleed

So make me bleed...
I must believe, I must believe
So make me bleed...
I must believe, I must believe

Storms of the Apocalypse
We have summoned Et-Zai-Tet
Our dominion is not for you to tread
Storms of the Apocalypse

I am the Goddess, kneel down
I'll make you suffer
I am the reason that God failed
I'll make you suffer infernally

Years of judgement days
Fear us not for what we are
But for what we will do
Years of judgement days
Fear us for what we create

As I kneel down before thee
The fools have fled
I am on my very last breath
As I kneel down before thee
I witness the ruin of man
The ruins of all to come

Do you fear who we are?
Fear us as you fear God
Because we bring death

Do you know what I am?
Do you fear who we are?
Fear us as you fear God
Because we bring death

The rebirth of the Apocalypse
The rebirth...
The rebirth of the Apocalypse
The rebirth of unholiness

"The fools have died and the fools have bled
Brought upon the earth, the ultimate death
A work of art within this splendid bloodshed"

Heavens torn apart...
