

Oceans Of Seemingly Endless Bleeding

The Project Hate MCMXCIX

I walk where Angels fear
to explore
Where others fall,
I dominate
Look deep into My eyes
Is it Your paradise?

With open arms I embrace
the love of Christ
Forgive Me Father for
I lie now
I bleed these tears as We
finally die, to meet again
I believe in (that) it's the
beginning of the end

Programmed to control
Our thoughts
Here We are
The Project Hate
Reversed Gods are
Bound to fall
Forever burning
In the flames, forever
I inhale the bittersweet
And I breed Your
Christ's deceit
As Your God's too
Blind to see
What is fake and what
is real

With sins of perversions
I slaughter the holy one
So bleed with Me Angels
So bleed, show Me

With sins of 666,
I slaughter the sacred one
So bleed for Me Angels
Just fucking bleed!!

PUNISH! PUNISH!
PUNISH! PUNISH!
PUNISH! PUNISH!

I walk where Angels fear
to explore
Where others fall,
I dominate
Look deep into My eyes
Is it Your paradise
Look at Me, I am hate

The reek of absence
Violently burns My eyes
Manipulated, hated, rated
The wounds I carry won't
Bear Me for long
Contamination, ovation
Inhuman values are put out
For every soul
Separation, deception,
rejection
A life of fiction is what
They give out to You
Glorification, terminate

This time I'm buried in
My human flesh
Desecrated, awaited,
Sent dead
Oceans of seemingly
Endless bleeding
Mind Your state of mind
Your state

The wounds I carry won't
bear Me for long
Contamination, distraction,
Reaction
Inhuman feelings I plant
into everyone
Termination complete

With sins of perversions
I slaughter the holy one
So bleed with Me Angels
So bleed, show Me

With sins of 666,
I slaughter the sacred one
So bleed for Me Angels
Just fucking bleed!!

SHOW ME!

Inhuman values God puts
out for every soul
Separation, deception,
Rejection
A life of fiction is what I
give to You
Glorification terminate

Oceans of seemingly
Endless bleeding
Mind Your hate of mind
Your hate
The wounds I give You
won't hurt You
for very long
Termination complete
