

Skips A Beat (Over You)

The Promise Ring

My girls car 'round the corner on Clarke.
She's in the window as it's getting dark,
Hope I'll be in there after dark.
So wouldn't it be nice if we could live twice in just one life
And then we'd know what to do when I'm shaking in my shoes
And my heart skips a beat over you.
What to do when I'm shaking in my shoes.
