

Thank You

The Prostitutes

When they put you in the ground
Will you say
Oh well now thank you for living
When they put you down deep in the ground
Will you have had a great time
And really opened your mind
And really opened your mind
And really opened your mind
Will you
Be happy that way when they put you away
When they put the stone above your head
Will it say thank you for living
When they put you down deep in the ground
Will you have had a great time
And really opened your mind
And really opened your mind
And really opened your mind
Will you
Be happy that way when they put you away
When they put you down there, deep in the ground
Will you have had a good time
When they put you down there, deep in the ground
Will you have had a good time
Remember the promise you made
Remember the promise you made to yourself long ago
Remember the promise you made
Remember the promise you made to yourself long ago
When they put you down deep in the ground
When they put you down deep in the ground
Had a great time
And really opened your mind
And really opened your mind
And really opened your mind
Will you be happy that way when they put you away
When they put you in the ground
