

Don't Be A Girl

The Psychedelic Furs

Don't be a girl for all their kisses
For all their kisses taste so sweet
Don't be a girl for all their flowers
All their flowers fade when the day comes

And in your eyes, I've seen it rain
Don't be a girl, not for me
And on your face, I've seen their names
Don't be a girl, not for me

Don't be a girl for all their money
For all their money comes so cheap
Don't be a girl for all they promise
All their promises come so easy

And in your eyes, I've seen it rain
Don't be a girl, not for me
And on your face, I've seen their names
Don't be a girl, not for me

Don't be a girl for all their roses
All their roses tell me they want you
Don't be a girl for all their wishes
For all their wishes don't come true

And in your eyes, I've seen it rain
Don't be a girl, don't complain
And on your face, I see their names
Don't be a girl, not for me

And in your eyes, I've seen it rain
Don't be a girl, not for me
And on your face, I see their names
Don't be a girl, don't complain, not for me
