

## My Time

The Psychedelic Furs

You've got rain in your eyes  
and a head full of stars  
all the tears you can hold in your hand  
And a roomful of sleep  
and a promise to keep  
isn't it just like love  
In a world made of love  
you just lose in the game  
they give you these words but they've taken your name  
now you're out in the cold  
now ain't that a shame  
isn't it just like love  
you can have anything you can hold in your hands  
and I here always, always alone  
at the end of the day it's the price that you pay  
with your pieces of love  
all your pieces of love

and it's my time to turn you around  
and it's my time to hold out a hand  
and it's my time to turn on a light for you  
my time  
it's my time  
there's a world at the door  
with a heart and a sleeve  
and there's no one to turn  
there is you  
and a deal to be made  
and a price to be paid  
isn't it just like love

so you stand in the dark  
and the sun never shows  
and you're whispering secrets that everyone knows  
so we know that they've told you  
they just wanna hold you,  
kiss you and take you and use you and thank you  
you have anything you can hold in your hand  
and I here always, always alone  
at the end of the day it's the price that you pay  
with your pieces of love  
all your pieces of love
