

Sometimes

The Psychedelic Furs

I see you sing
I don't need your praise
I need a hand, she said
You said it's worth all that is mine

Prove it, sometimes

Under a moon that shines like it's day
It hangs like a star, some days
I'm getting blind, I see with your eyes
It's too dark, sometimes

Prove it, sometimes

Your head in my hands, gets darker than night
It's tearing me down, sometimes
The world's like a friend, I find I can smile
Don't say, "Don't cry"

Prove it, sometimes

I see you sing
I don't need your praise
You hold out a hand, she said
You said it's worth all that is mine

Prove it, sometimes

Prove it, sometimes

Prove it, sometimes

Your head in my hands
It's darker than night
It's tearing me down, sometimes
Under a moon shines likes it's day
