

Hard To Laugh

The Pursuit Of Happiness

Everyone who sees you thinks you should be smiling That
girl she's so pretty, that girl she's so beguiling
Everyone who sees you thinks you should be happy Thinks
you should coo-coo her and start acting all sappy But
it's (Chorus) Hard to laugh when you know that she's been
cheating Had her hands around him and she's been giving
it a beating well it's Hard to laugh when you know that
she's been lying But you've got to laugh to prevent
yourself from crying People always asking why you're so
serious 'Cause your woman's got a body that would make
most men delirious Yeah, she's got a body of that you're
painfully aware 'Cause everytime you see it you want to
pull out your hair But you know it's (Chorus)
