

# Dirty Words

The Qemists

This is new to me  
I'm skin and bones and all the tones are  
Things that used to be  
Like dirty words end beautifully  
This is new to me  
And all I have is sympathy for  
The things that used to be  
The dirty words you said to me

We can't hold up  
No, we can't hold up  
No, we can't hold up  
No, you gotta to give me a reason  
Give me a reason  
Give me a reason  
What this mean

Could it mean  
No release

Yeah!  
Ha!

You see the thing about common sense is sensing common  
Or where my heart, or my sleep when you speak to me  
Broken promises will never bring us closer together  
Like dirty words, dirty words, dirty words

Dirty words mean more to me  
Dirty words that have to be  
Dirty words and fantasies  
Dirty words mean  
Dirty words mean more to me  
Dirty words that have to be  
Dirty words and fantasies  
Dirty words mean

We can't hold up  
No, we can't hold up  
No, we can't hold up  
No, you gotta to give me a reason  
Give me a reason  
Give me a reason  
What this mean

Could it mean  
No release

Dirty words mean more to me  
Dirty words that have to be  
Dirty words and fantasies  
Dirty words mean  
Dirty words mean more to me  
Dirty words that have to be  
Dirty words and fantasies  
Dirty words mean  
Dirty words mean  
Dirty words mean
