

## Drop Audio

The Qemists

Well what can I say, back in the frame  
Just another day  
Turning those hits  
while you're turning away

Just, playing for fun  
You've lost if you've already won  
Fuck a hype, fuck the game  
Tell me what you want

Radio drop, audio rock  
Here come the boys from the south (Yeahhhhh)  
Radio drop, audio rock  
We're about to break it down

Radio drop, audio rock  
Here come the boys from the south (Yeahhhhh)  
Radio drop, audio rock  
We're about to break it down
