

# I Hate Your Fucking Guts

The Queers

I don't wanna be around you anymore  
I don't wanna hear another word you say  
You make Bulltit look like he's a real a smart fucker  
And I'm kinda hopin that you'll go away

I hate your fucking guts  
I hate your fucking guts  
I hate your fucking guts  
I hate your fucking guts  
I hate your fucking guts  
I hate your fucking guts

You think you're a punk  
but you're just a jock  
And up your ass you'd love to feel a cock  
You're so pathetic with your punk rock band  
You're a stupid fuck, a human cuckoo clock
