## I'll Be True To You

The Queers

I'll be true to you yes I will I'll be true to you yes I will I won't look twice When the other girls go by I'll be true to you yes I will

Somehow this time it's all so clear to me The way to go is easy to see My heart is sure you're the girl I've waited for I'll be true to you yes I will

Yes I will

I used to be the kind Who said that every girl's the same And love was just a game for having fun But when I looked at you I knew that I was wrong And that I really could belong to only one

I'll be true to you yes I will Every dream that you have I'll fulfil I never promised this to any girl before but I'll be true to you yes I will

I never promised this to any girl before but I'll be true to you yes I will

Yes I will Yes I will Yes I will Oh yes I will
