

# I Wanna Be Happy

The Queers

I wanna be happy; I don't wanna be sad.  
I wanna be a good boy; I don't wanna be bad.  
I wanna be happy.  
Yeah, I wanna be happy so bad.

I wanna be happy; yeah, I really do.  
But everybody's saying I'm no good for you.  
They know that I'm a cretin, and I know it's true.  
But I don't care.

I wanna see you at Kenmore Square, yeah,  
And on the Bowery, too.  
And in Toronto on Queen Street,  
Or on Belmont Avenue.

'Cause I don't wanna be alone and sad no more,  
And I've been through this before.  
Can't you understand this much is true?  
I wanna be happy with you.  
It's all I wanna do.  
I wanna be happy with you.

Riding the surf in Doheny, baby.  
Walking on Mission Street, too.  
Cruisin' down el Cajon Boulevard  
And at First Avenue.
