

Like a Parasite

The Queers

Like a parasite I wanna kiss you till you puke
Like a parasite think of all the good things we could do
Like a parasite I wanna crawl all over you
Like a parasite I wanna be your Tiny Tim
Like a parasite burrow inside underneath your skin
Like a parasite I wanna crawl all over you

I can tell by the way you're looking at me
We'll be together tonight

Like a parasite, like a leech
Like a parasite, like a leech
Like a parasite, I wanna crawl all over you

Like a parasite I wanna make you shake and twitch
Like a parasite I think that's really fucking rich
Like a parasite I wanna crawl all over you
Like a parasite I wanna kiss you till you puke
Like a parasite think of all the good things we could do
Like a parasite I wanna crawl all over you
