```
My folks had me committed just two weeks ago
My best friend ran off with my girl - those two damn bozos
Oh and don't you know it hurts
But hey she ain't the first
She ain't the first
I was a teenage bonehead - Yes it's true
I was a teenage bonehead - A-wah-ooh-ooh
I was a teenage bonehead just because of you
My parents kicked me out, I'm sick of them so I don't care
My girl sent me a post card saying "Glad that you're not here"
Oh and don't you know it hurts
But hey she ain't the first
She ain't the first
R:
She never said goodbye to me, now I sit here wondering
Where she is and what she's eating...
Oh and don't you know it hurts
But hey she ain't the first
```
