

# Salvation

The Rabble

It's another spin out just like every other night  
Dusk comes out once more and on go the street lights  
Your getting cold out in the dark and you think you are alone  
You think you stand in solitude no-one you can condone  
Yeah it feels like something's missing - it's banging on your brain  
So hungry for salvation you crawl right out of the drain  
You step back on the cold concrete you're searching for direction  
There's not so many answers only worthless questions  
Then you hear a sound that may just change your mind

WO-O-OH HEY

Your salvation, it's liberation, your revolution for civilization

There's something that comes with this that just cannot be missed

This punk rock sound that makes me wanna raise a clenched fist  
Oh yeah it taught me to disobey so don't stand around  
'Cause here's to the music and the ones who move to the sound

[Chorus]

Now I've got the music that changed my life forever  
And now I'm not turning back - no not ever  
Oh ignorance it ain't bliss but I got the music - I got the sound  
There ain't anything in the world that could ever bring me down

[Chorus]

Sounds of White Light to the Rockabilly beat  
Music's my salvation from my head to my feet  
This song goes out to all the bands that I know  
Keep rocking my radio - radio

You know I'm never down when the needle hits the wax  
'Cause something ignites of me that's gonna fire me up - see  
I've got the tune like an army on attack  
I'm gonna play it so fuckin' loud it's gonna rock the hard concrete

WE'VE COME THIS FAR NOW - WE'RE NEVER TURNING BACK NOW  
WE'VE COME THIS FAR AND I KNOW  
THE MUSIC'S GONNA SAVE OUR SOULS
