

## Against The Tide

The Radio Dept.

Falling against what you know  
Falling against the tide  
Oh what you want  
Is it what you want?  
Is this what you want?

Because we are young  
And things are wrong  
We'll lose the chains  
We'll make things right  
Before the sun goes down on  
And out of sight  
We'll lose the chains  
Cause you and I  
We move against the tide
