

Come Back to Me

The Rapture

I welcome you back into my feet
My spirit
Loving spirit

I welcome you back into my hands
My spirit
Frustrated spirit

I welcome you back into my heart
My spirit
Nourishing spirit

I welcome you back into my legs
My spirit
All loving spirit

Aren't we all children

I welcome you back into my ears
My spirit
Vibrating spirit

I welcome you right into my head
My spirit
Strengthening spirit

Aren't we all children

I welcome you back into my feet
My spirit
Loving spirit

I welcome you back into my hands
My spirit
Frustrated spirit

I welcome you back into my ears
My spirit
Vibrating spirit

I welcome you right into my head
My spirit
Strengthening spirit
